MEMORANDUM FOR: CIC/TECH

ATTENTION:

25X1

FROM:

Brigadier General Richard S. Beyea, Jr., USAF (Ret.)
Director, Community Counterintelligence and
Security Countermeasures Office/ICS

SUBJECT:

Functional Wiring Diagram and Brief Description of CCISCMO

REFERENCE:

DCID 1/11, dated 29 May 1986

1. Attached is a copy of a functional wiring diagram and a brief description of the functions of the Community Counterintelligence and Security Countermeasures Office (CCISCMO) as it is presently constituted. Also included is a copy of the referenced DCID.

2. I trust this will assist the CIC in understanding the position and role of CCISCMO in the Intelligence Community. I welcome a visit by any members of CIC for briefing and discussion of the Community CI issues and the role of CCISCMO and the interrelationship with the CIC. We look forward to working with you in the future, and if there is anything we can do to assist you, please contact CCISCMO.

25X1

COMMUNITY COUNTERINTELLIGENCE AND SECURITY COUNTERMEASURES OFFICEFUNCTIONAL DESCRIPTION

In 1986, the DCI strengthened coordination of Counterintelligence and Security Countermeasures by combining and broadening the functions of two formerly separate elements of the Intelligence Community Staff. The DCI Security Committee and the Community Counterintelligence Staff were melded to form the current Community Counterintelligence and Security Countermeasures Office (CCISCMO). Attachment A is a chart of the CCISCMO that provides a functional breakout of the office as it has evolved since it was defined in DCID 1-11 of 3 July 1986 (Copy provided as Attachment B). The functional description enables better definition of the mission and activities as there is that interrelationship between counterintelligence and security countermeasures where lines cross and coordination of activities is essential to achieve success. Herein is a summary narrative of the activities of CCISCMO keyed to the diagram. CCISCMO is unique in that the staffing is comprised of selected members of the Intelligence Community (IC), i.e., Central Intelligence Agency, Department of Defense, Federal Bureau of Investigation, and National Security Agency, which provides across the board access and coordinating capability to the IC. [REDACTED]

25X1

NATIONAL MULTIDISCIPLINARY THREAT ANALYSIS CENTER (NMDTAC) [REDACTED]

25X1

The NMDTAC is charged with preparation of the annual Hostile Intelligence Threat and US Countermeasures report, copies of which are provided to HPSCI each year. It is also responsible for the annual updating of the National Multidisciplinary Counterintelligence Production Register, a compendium of counterintelligence publications. Ad hoc studies are also the responsibility of the NMDTAC, e.g., the President's Report to the Congress on the Nation's Counterintelligence and Security Countermeasures Plans, Programs, and Capabilities and the follow-on four biannual progress reports towards accomplishment by the IC of the tasking levied in this report. The NMDTAC was also responsible for preparing the response to the Senate Select Committee on Intelligence (SSCI) report Meeting the Espionage Challenge: A Review of the United States Counterintelligence and Security Programs and the HPSCI report US Counterintelligence and Security Concerns, 1986. The responses to these reports were compiled in the NMDTAC from input from the IC members. The NMDTAC also serves as the catalyst and coordinator for IC task forces attending to counterintelligence matters. Finally, the NMDTAC assists in the preparation of material to support the DCI and IC testimony before the Congress. [REDACTED]

SECURITY COUNTERMEASURES

25X1

The DCI Security Forum serves as the IC locus for security countermeasures matters. The Director, CCISCMO chairs the Forum which is charged to develop and recommend to the DCI security policies, procedures, and practices for the protection of Sensitive Compartmented Information (SCI) and intelligence sources and methods. The Forum provides a venue for the senior officials specializing in security within the membership of the IC thereby facilitating Community wide response and action on issues of common concern.

25X1

The Facilities Protection Working Group, another activity, is managed and directed by CCISCMO and there are three government and one contractor Physical Security Seminars conducted each year. Similarly, CCISCMO sponsors the Personnel Security Working Group, which, in addition to developing minimum personnel security standards for access to SCI material, conducts three training seminars per year for SCI Adjudicators. These are the only such seminars existing in the IC. Support is provided to the Interagency Group/Countermeasures (Policy) (IG/CM[P]) Personnel Security Committee and its subordinate Security Awareness and Education Subcommittee as needed for research, coordination, and the conduct of an annual government-wide Security Education Seminar.

25X1

25X1

SENIOR INTERAGENCY GROUP-INTELLIGENCE (SIG-I) STAFF SUPPORT

25X1

CCISCMO provides staff support to the SIG-I primarily through the function of Secretariat for the Interagency Group/Counterintelligence (IG/CI), Interagency Group/Countermeasures (Policy) (IG/CM[P]), and Interagency Group/Countermeasures (Technical) (IG/CM[T]). The unique interagency composition of CCISCMO serves in good stead here as IC input for the agendas that drive the IGs is readily receivable and presentable to the IG Chairman in a usable form for presentation to the IG membership. Support, as needed, and follow-up of issues before the SIG-I and the IGs are also handled through the CCISCMO Secretariat role in this vital organizational structure of the IC.

COMMON CONCERN SERVICES

A key function of CCISCMO lies in this area as the IC unit that facilitates:

- o Processing of and office of record for all Foreign Intelligence Surveillance Act (FISA) requests not handled directly by the FBI;

- o

- o Providing counterintelligence and security countermeasures advice and assistance to the DCI and elements of the IC Staff involved in the budget process within the National Foreign Intelligence Program (NFIP).

UNAUTHORIZED DISCLOSURE ANALYSIS CENTER (UDAC)

The UDAC is the IC focal point for combatting the problem of unauthorized disclosures of classified intelligence information in the media. Its mission is to detect, authenticate, and document unauthorized disclosures in a computerized data base. When such incidents occur, the Director, Central Intelligence, is notified, as are the heads of affected departments and agencies and a recommendation is made for appropriate investigative action. UDAC also assists in the education and sensitizing of the Intelligence Community (IC) and US Government as a whole, where applicable, to the need for protecting classified intelligence information. A monthly Unauthorized Disclosure Summary is published and disseminated on an EYES ONLY basis to select Cabinet officers, key agency heads and the Chairman of the House Permanent Select Committee on Intelligence (HPSCI).

DCID 1/11-1

25X1

DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. 1/11¹COMMUNITY COUNTERINTELLIGENCE AND
SECURITY COUNTERMEASURES STAFF

(Effective 3 July 1986)

Pursuant to the provisions of Section 102 of the National Security Act of 1947 and Executive Order 12333, a Community Counterintelligence and Security Countermeasures Staff is established within the Intelligence Community Staff.

1. Mission

The Community Counterintelligence and Security Countermeasures Staff (CCISCMS) will advise and assist the Director of Central Intelligence (DCI) by:

- a. Assessing, in accordance with National Security Council instruction, the foreign intelligence threat to the United States and, within the context of that assessment, evaluating Community counterintelligence and security countermeasures policies, programs, priorities, and activities.
- b. Providing staff support to the Senior Interagency Group-Intelligence (SIG-I) when it considers counterintelligence and countermeasures matters, and serving as the Secretariat and Staff to the Interagency Groups for Counterintelligence and Countermeasures, which operate under the aegis of the SIG-I.
- c. Advising and supporting the DCI and the Community regarding protection of sensitive compartmented information (SCI), protection of intelligence sources or methods, and unauthorized disclosure of classified information.
- d. Providing, as appropriate, support to the Intelligence Community Staff and, on request, to individual agencies of the Intelligence Community, on questions concerning budgets and resources for foreign counterintelligence and security countermeasures within the National Foreign Intelligence Program.
- e. Providing, for Community counterintelligence and security countermeasures organizations, an office for services of common concern and, as requested, facilitating matters pertaining to development of counterintelligence and countermeasures policy.

2. Functions

Under the general direction of the Director, Intelligence Community Staff, the CCISCMS will perform the following functions:

- a. Prepare, as directed by the National Security Council, a periodic national net assessment of the multidisciplinary foreign intelligence threat to the United States and of US countermeasures related thereto; recommend priorities and undertake staff actions on issues arising from and related to the assessment; and obtain Intelligence Community and other contributions and coordination as appropriate.
- b. Prepare, in cooperation with components of the Intelligence Community, special national studies of the foreign intelligence threat and related countermeasures (1) in support of the DCI, (2) in support of the national counterintelligence and countermeasures policy structure (SIG-I), or (3) in response to Congressional requests to the DCI or SIG-I.

¹ This directive supersedes DCID 1/11 dated 15 July 1982. Security Committee was disestablished on 29 May 1986.

DECL	OADR

CONFIDENTIAL

DCID 1/11-2

- c. Provide staff support on counterintelligence and countermeasures matters to the SIG-I Chairman and to the Interagency Group/Counterintelligence, Interagency Group/ Countermeasures (Technical), Interagency Group/Countermeasures (Policy) chairmen, and their respective subordinate committee chairmen. In doing so, the Staff specifically will:
 - (1) Ensure that information, policy issues, and problems developed or identified by one committee are shared with others as appropriate, thereby promoting and facilitating cross-disciplinary coordination, consultation, and cooperation.
 - (2) Assist in preparing agenda, organizing meetings, and keeping records.
- d. Act as a catalyst to improve Intelligence Community coordination on the foreign intelligence threat and countermeasures thereto, in part through conferences, correspondence, and publications. As appropriate, participate in the activities of committees and groups engaged in studying or countering the foreign intelligence threat.
- e. Establish and moderate an Intelligence Community forum, composed of senior security managers from appropriate departments, agencies, and Intelligence Community organizations, to support the DCI responsibilities assigned under the National Security Act of 1947 and relevant executive orders for the protection of both SCI and intelligence sources or methods. The forum shall develop and recommend to the DCI security policies, procedures, standards, and practices for the protection of SCI and intelligence sources or methods.
- f. Provide counterintelligence and security countermeasures advice and assistance to the DCI and to elements of the Intelligence Community Staff involved in program and budget development for those activities within the National Foreign Intelligence Program.
- g. Perform services of common concern as directed by the DCI or the national counterintelligence and countermeasures policy structure (SIG-I), to include, but not to be limited to:

25X1

- (3) Maintaining the Unauthorized Disclosure Analysis Center (UDAC), with a central register of intelligence disclosures, serving as a Community focal point for liaison and coordination on, and analysis of, leaks. The UDAC will identify, on an urgent basis, unauthorized disclosures and acquire the background thereof. These will be reported immediately to the DCI/DDCI, and to other entities as directed, with proposed actions.
 - (4) Preparing and publishing the National Multidisciplinary Counterintelligence Production Register.
 - (5) Maintaining liaison with and assisting the Community agency/department program managers and the Intelligence Community Staff program monitors as appropriate.
- h. Represent the DCI as directed by sitting as an observer on committees discussing counterintelligence and security countermeasures-related subjects.
- i. Provide services as the office of record for Community counterintelligence and countermeasures documents produced by the CCISCMS.

CONFIDENTIAL

CONFIDENTIAL

DCID 1/11-3

3. *Responsibilities*

On request of the CCISCMS, Intelligence Community and Federal Government security components will provide information relevant to the CCISCMS mission and functions to the maximum extent possible, consistent with the protection of sensitive sources or methods.

4. *Organization*

- a. The Director, CCISCMS, will be appointed by the Director of Central Intelligence and will report to the DCI through the Director, Intelligence Community Staff.
- b. Members of the CCISCMS will, in part, be nominated by selected Intelligence Community components including, but not limited to, the Central Intelligence Agency, the Federal Bureau of Investigation, and the Department of Defense, and will include a DIA-provided military counterintelligence officer and National Security Agency representative. Additionally, this interagency component will constitute the core of the National Multidisciplinary Threat Assessment Center as chartered by the National Security Council.
- c. CCISCMS will also consist of support and other professional permanent cadre, as appropriate, to carry out assigned functions. Additional Staff support will be assigned from the Intelligence Community Staff permanent cadre or other Intelligence Community agencies as mutually agreed.
- d. CCISCMS will not exercise any operational responsibility.

William J. Casey
Director of Central Intelligence
